**Home Page**
Tabs on top of site

- <u>Main Point</u>: From the Home Page, the user can navigate to 1) FAQs, 2) Team, 3), Contact, 4) Individual KYC Form, 5) Company/Entity KYC Form, 6) Terms and Disclaimer page

- We can remove the "Questions? contact@onechaincapital.com" b/c it is redundant if we are going to have a "Contact" page

Home Page
Logo too large

- <u>Main Point</u>: This logo is poorly sized – too large

Home Page

"Ready to start trading with us?" Form

- <u>Main Point</u>: The "Onboard as" form could look more professional.

- Unfortunately, we don't really have any specific design comments, but would be great for the OneChain Home page and forms to look and feel as corporate/professional as possible

KYC Forms

https://onechaincapital.com/company.html

- <u>Main Point 1</u>: We may need to restructure these forms because they currently only send information in an email at contact@onechaincapital.com . Please feel free to reshape these forms how you see fit.
- Also, if the look and feel of the forms can we enhanced, please feel free to do so.
- <u>Main Point 2</u>: Text that is circled in red, can be deleted and put in "Terms and Disclaimer"
